## The Program

Coquitlam Skating club will be offering 8 weeks of Power Skating over the summer. One Group will be Pre-Power, and the other will be Power Skating for Atom and Novice players. Space is limited.

The Pre-Power program is geared towards hockey and ringette players 5 years of age and older. It has been designed to teach basic skating skills and technique in a power skating specific environment. Skaters should have completed at least Level 2 Canskate (or equivalent) and be able to skate in full hockey gear.

Pre-Power Skating is an excellent program for those skaters wanting to develop good skating skills for hockey and ringette, and those wanting to improve or keep up their skating for the upcoming season.

The Atom and Novice program is for skaters who have completed the Pre-Power program, or skated in our power skating programs previously.

### Dates and Times for Class twice a week:

July 5th to August 18th, 2010

## The Program Director

Bruno Delmaestro has a strong background in skating, having been a three-time Italian National Figure Skating Champion, European and World Competitor, and a hockey player. He has been able to transfer this success to his coaching and has been training hockey players, figure skaters and coaches for the past 25 years. He has developed his own theory and methods for teaching hockey, ringette and figure skating. He is the Master CanPower-Skate Course Conductor for Skate Canada and is NCCP Level 4 Certified in figure skating.

Bruno has worked with many different minor hockey associations who have used his skating programs. Some of the players he has trained have played junior level hockey in Canada and received university hockey scholarships. Recently, players he has coached have played in the NHL, WHL, BCHL. In 1999, 2001 and 2006 he was selected as the Competitive Coach of the Year by the British Columbia and Yukon Section of Skate Canada.
